## Introducing your new Kareo Success Team

*“An army is greater than a warrior.”*

— *Matshona Dhliwayo*

More is better. With Kareo Medical Billing Services, now you get access to your own team of experts and our award-winning software. That means more responsiveness, best practices built in to your everyday operations, and fast access to the expertise you need.

### Success Coordinators

*Timely answers to all your questions*

It's all in the details. Your Success Coordinators make sure you understand every aspect of your billing. And they'll tap into Kareo's full network of insights and experience to help you find and adopt the best billing practices to suit your needs.

### Revenue Specialists

*Bringing expertise to your A/R*

Revenue Specialists are heads down, tracking and managing every aspect of your practice's A/R: claims, denials, and payments. They're always working to get you paid faster and find areas where you can improve workflows.

Not just revenue cycle management—  
your Kareo Success Team is your medical billing partner.

**We're ready to help with ICD-10!** After comprehensive communications and an exhaustive preparation plan, we are ready to support you to make sure you're submitting properly and not putting your cash flow at risk. When the October 2015 deadline hits, Kareo providers will be ready.
